ICAAC, Denver, CO, 2013

Poster presentations on
nitrofurantoin, fosfomycin trometamol, minocycline

Nitrofurantoin

- Wednesday, September 11, 2013, 11:00 AM - 1:00 PM
  G. Bertoni et al: Uncomplicated Urinary Tract Infections: Current Etiology And Antimicrobial Susceptibility In Argentina
- Wednesday, September 11, 2013 11:00 AM - 1:00 PM
  J. C. McGregor et al: Evaluating Prudent Prescribing for Urinary Tract Infection in Primary Care
- Wednesday, September 11, 2013 11:00 AM - 1:00 PM
  L. Chauffrey et al: Men with Positive Enterococcus Urine Culture: a Series of 173 Cases
- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  J. L. Nagel et al: Clinical Efficacy of Fosfomycin Following Formulary Approval and Guideline Implementation for the Treatment of Urinary Tract Infections (UTIs)
- Friday, September 13, 2013 9:00 - 9:15 AM
  C. A. Fux et al: Decolonization Of ESBL Carriers Is Equivalently Effective To Placebo: A Randomized Controlled Clinical Trial
- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  O. H. DeTorres et al: Impact of Educational Efforts on Antimicrobial Prescribing and Clinical Outcomes in the Treatment of ESBL-producing Gram Negative Infections
- Friday, September 13, 2013 8:30 - 10:30 AM
  J. A. Karlowsky et al: In Vitro Activity of Fosfomycin Against Urinary Tract Isolates of Escherichia coli Isolated From Patients Across Canada from 2010 to 2013

Fosfomycin Trometamol

- Wednesday, September 11, 2013 11:00 AM - 1:00 PM
  L. Chauffrey et al: Men with Positive Enterococcus Urine Culture: a Series of 173 Cases
- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  J. L. Nagel et al: Clinical Efficacy of Fosfomycin Following Formulary Approval and Guideline Implementation for the Treatment of Urinary Tract Infections (UTIs)
- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  A. Ghafur et al: Fosfomycin, A Promising Option In The Era Of NDM1- The First In Vitro Data From India
- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  B. J. Gardiner et al: Oral Fosfomycin Tromethamine (FOS) Achieves Good Intra-Prostate Levels Suggesting it May Be a Prophylaxis & Treatment Option for Multidrug-Resistant (MDR) Prostatitis
- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  L. G. Bryan et al: Evaluation of Selective Media to Survey for Ciprofloxacin-Resistant Gram negative Bacterial Colonization in Patients Undergoing Prostate Biopsy

- Friday, September 13, 2013 8:30 - 10:30 AM
  J. A. Karlowsky et al: In Vitro Activity of Fosfomycin Against Urinary Tract Isolates of Escherichia coli Isolated From Patients Across Canada from 2010 to 2013

**Minocycline-staphylococci**

- Tuesday, September 10, 2013 12:00 - 2:00 PM
  S. Hawser et al: Antimicrobial Activity among Methicillin-Susceptible and -Resistant S. aureus in Four Geographic Regions; North and Latin America, Europe and the Asia-Pacific (TEST program 2010-2012)

- Tuesday, September 10, 2013 12:00 - 2:00 PM

- Thursday, September 12, 2013 11:00 AM - 1:00 PM
  A. R. Noel et al: Pharmacodynamics of Minocycline Against Staphylococcus aureus Studied in an in vitro Pharmacokinetic Model of Infection

- Thursday, September 12, 2013 3:15 - 3:30 PM
  P. Ruggerone et al: Insights into the Interactions of Antibiotics with MexB from Computer Simulations
